Finance Committee: Councillor Allan Gallant, Committee Chair Leave of Absence:

Mayor Lavandier called upon Councillor Michael Gallant to submit the budget on behalf of the finance Committee. Councillor M. Gallant submitted the following written budget report:

BUDGET 2013

Your Worship, Members of Council and my fellow Georgetownians,

It is my duty to present for your consideration the budgetary measures for the Town of Georgetown's General Revenue Account and Sewage Utility Account for the fiscal year 2013. I

should like to thank members of the Finance Committee and the Chief Administrative Officer for their work in preparing this budget; a task that was not without its challenges and difficulties. The Budget is the major policy tool for the Municipality and as such will provide direction on how the Municipal Corporation will be able to invest in itself and the services it tries to provide.

This year's Budget will be difficult. With falling revenue sources, increased costs for operations, the ramifications with the implementation of the HST and our ability to do things that our citizenry expects us to do, this Budget has concentrated on funding those areas which are the core services. Every department, committee or board will be affected by this year's lower finances and as such all will have to share in these challenges.

While revenues appear to be similar as 2012 in reality certain expenditures that were made in that year were done but certain grant sources finally came through in this fiscal year. Further revenues from the Gas tax will be lower and monies that were granted for the rink's chiller unit while reflected in 2013 were spent in 2012.

People are being pinched for their hard earned money from many sectors. Many of our citizens are on fixed incomes and as such struggle to keep ahead of the bill collectors. They have to re-arrange their finances, delay certain projects, use borrowed money as a last effort and cut back their overall spending. The Town is no different. This Budget reflects that reality

On a positive note the Town of Georgetown's property tax rate and sewage rates will not increase and will remain the same as in 2012. The Municipal Grant from the Province will be the same as 2012. However to meet out budget targets the following are reflected in this Budget:

- * \$15,000 will be transferred from GIC's from the Breedon Estate to fund A.A. MacDonald Garden Operations.
- * There will be no increase in Council Honorariums or staff wages for 2013
- * Funding for Mayor's promotion, donations, Georgetown School, travel, bylaw enforcement, legal, planning, seniors, special events and Fire Department have been reduced.
- * Fireworks for Summer Days are not reflected in this budget.
- * Recreation which was budgeted \$10,000 in 2012 will be reduced to \$5,000
- * Street and sidewalk maintenance will see a reduction of almost 50%
- * Town beautification was reduced by \$1,000
- * The Municipal Events Rental Offset of \$3,000 to the Kings Playhouse has been eliminated for 2013 as to assist the Town funding a \$13,000 anticipated roof repair for the facility.

* Administration will be asked to look at measures that could further save money such service providers for telephone, internet, and others to see if savings can be realized.

In 2014 the Town will pay off its loan in its legal fight to keep Georgetown Elementary School open. This amount of over \$18,000 per year will be re-invested in municipal operations in 2015. Further this budget does not incorporate any new loans to cover operational activities or capital projects. Our limit and ability to borrow money will be done on a case per case basis and reviewed carefully if it is within the Town's capacity.

In 2012 Annabel Crane notified she will not be sponsoring the Lea Crane award for Georgetown's Citizen of the Year. We thank her for her kindness and dedication to this effort. However we believe that it is important to recognize the efforts of these citizens who make Georgetown a good place to live and grow. Therefore there will be established the Georgetown Award which recognize the contributions of either an individual or group that have made significant contribution to municipal life.

The Georgetown Conference which brings experts from around the globe to discuss what makes communities strong, sustainable, and how to nurture growth will be held later this year in our historic Town. \$5,000 has been set aside for this event and I trust that this gathering will showcase our Community and give it positive exposure to a wide audience. But like conferences of this type the real benefit and challenge is to employ, engage, explore and implement ideas that are presented to make communities more vibrant and sustainable.

Your Worship, my Council Colleagues and People of Georgetown, this budget has been difficult to prepare and to present. Some measures will not be received well. Difficult choices had to be made now for us to meet present needs and to have some future flexibility. I am asking all members of Council, Staff, Boards and Committees to be cautious of their spending and if possible to be creative in realizing savings or revenue generation. I now submit the Budgetary Estimates for the Town of Georgetown General Revenue and Sewer Corporation for the fiscal year 2013.

I thank you.

Respectfully Submitted

Michael Gallant, Councillor

Mayor Lavandier thanked Councillor M. Gallant for his presentation and thanked the finance committee for their efforts with the budget this year as it was such a difficult year and a tough budget. We are going to have

to be creative with funding for the Town, we are going to have to watch our spending.

- **Councillor Michael Gallant moved that his report be adopted as read, seconded by Councillor W. Williams. Motion Carried.**
